WISTAR'S COUGH LOZENGES—These Lozenges cannot be too strongly recommended to public attention as a safe and effectual medicine for the cure of Coughs, Colds, Asthma, &c. They are very serviceable in soreness and tightness of the breast, difficulty of breathing, hoarseness, &c., and give almost immediate relief in troublesome sensation, tickling in the throat, which is so tormenting in this complaint. They have been used very extensively in this city and other places, and have given universal satisfaction to all who have used them; price 25 cents per box. A large quantity just manufactured and for sale, with directions, at GILMAN'S, (late Todd's), Drug Store.

ASTONISHING AND TRUE.

AMONG THE THOUSAND MEDICINES advertised to cure certain pulmonary complaints, JAYNE'S EXPECTORANT stands alone. Its path to the public confidence has been paved, not with pulps, but CURES; and the vouchers for its efficacy include an array of names which, for character and respectability, cannot be surpassed in this country. DR. JAYNE, being himself a Physician, does not profess to perform physical impossibilities; but he does assert, and is borne out by well authenticated facts, that in all DISEASES OF THE LUNGS AND CHEST, which are susceptible of cure without miraculous interference, his EXPECTORANT will restore the patient to health. No other medicine will remove the mucus or pus from the throat so thoroughly as this. It effectually loosens the coagulated masses from the membrane which lines the trachea, and at every cough the patient will bring up portions of the disengaged matter. In all complaints of the pulmonary organs, even where nature seems to be making no effort to throw off the disease, JAYNE'S EXPECTORANT imparts vigor to the machinery of respiration, and enables them to disengage themselves of obstructions which had impeded their free operation. It has restored hundreds to perfect health, after their physicians had given them up as incurable with CONSUMPTION, Coughs, Colds, Asthma, Influenza, Bronchitis, Whooping Cough, in a word, all diseases of a PULMONARY nature yield to this preparation, if properly administered.

Rev. J. S. Maginnis Professor in Hamilton (N. Y.) Literary and Theological Seminary, says: "I would not be without Dr. Jayne's Medicines in my family for any consideration. I have found them successful in cases where all other means have failed."

Mr. Nicholas Harris, corner of Front and Lombard streets Philadelphia, was cured of COUGH, ASTHMA, and BLEEDING OF THE LUNGS, under which he labored for many years.

Rev. Ira M. Allen, of New York city, says: "I have used Jayne's Expectorant, and have more confidence in it than

ALL OTHER MEDICINES

Rev. Wm. Laws, Modestown, Va., says: "I have used your expectorant, and found it an excellent medicine for PULMONARY DISEASES."

Daniel Henshaw, Esq. Editor of the Lynn (Mass.) Record, says: "Jayne's Expectorant is a very valuable Syrup, which we have lately used with good effect in stopping a Cough and loosening and breaking up a COLD."

Rev. Arthur B. Bradford, of Darlington, Pa., says that it cured his son of CROUP in a few minutes.

The Bangor (Maine) Journal says: "A trial of Jayne's Expectorant will satisfy all that it is a speedy cure for Coughs, Colds, Influenza, Asthma, Hoarseness, and all kinds of Pulmonary affections."

Mr. Ebenezer Webster, of Providence, (R. I.) was cured of a severe ASTHMA, by using two bottles.

Rev. Simeon Seigfried, was cured of Influenza, a Hoarseness, and a hard dry Cough by one bottle.

Rev. Dr. Babcock, of Poughkeepsie, says that knowing Dr. Jayne to be a regular Physician, and having used his medicines personally and in his family, does not hesitate to commend them as safe and eminently useful medicines, and a valuable addition to our Materia Medica.

Rev. John Segur of Lambertville, New Jersey, who was suffering with a hoarseness and soreness of the lungs and throat, and a suffocating Asthma, was cured by one bottle.

Mr. J. L. Simpkins says that it cured his wife of CONSUMPTION, and one of his children of the WHOOPING COUGH.

Rev. Jonathan Gong, D. D. President of Granville College, Ohio, says: "He was laboring under a severe COLD, COUGH and HOARSENESS, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant."

Mrs. Dilks, of Salem N. J. was cured of Asthma of 40 years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by five bottles. Dr. Hamilton of St. James, S. C. was greatly affected by a Cough, Hoarseness, and soreness of the lungs, and on using a bottle of this medicine found permanent relief."

Lewis C. Levin, the distinguished advocate of Temperance, stated at a meeting of upwards of three thousand persons, that he should not have been able to address them, but for the use of Jayne's Expectorant. "He said that he had been laboring under a hoarseness and severe oppression of the chest, that he had purchased some of the Expectorant the day before, which had relieved him in a few hours, and he found himself, contrary to his own expectation, able to address the multitude."

The proprietor could add hundreds of other names equally respectable, who recommend JAYNE'S EXPECTORANT as superior to ALL OTHER MEDICINES for the cure of all the various Pulmonary diseases.

Prepared and sold by Dr. D. JAYNE, No. 20 South THIRD Street, Philadelphia, where all his other valuable preparations may be obtained.

NO EXCUSE FOR A BALD HEAD.

Since the important discovery of DR. JAYNE'S HAIR TONIC, every one may, if he chooses, preserve his hair from falling off, or if already bald may with certainty have his hair restored again by a faithful and persevering application of this valuable HAIR TONIC.

Please to read without prejudice the following communication from the Philadelphia Sun, which in addition to hundreds of others equally respectable should remove the doubts of every reasonable person of the uniform and singular efficacy of JAYNE'S HAIR TONIC.

We publish the following letter from a sense of duty to the public. It is just such a letter as we should have expected from such a source. We know Dr. Quigly personally, and there is no man in the country whose opinion is entitled to more respect. He is on all subjects honest and sincere, and his high character as a Physician can be attested by the first medical men in this city.—Philad. Sun.

Shepherdstown, Va. Oct. 10, 1843.
Dear Sir:—You inquire of me whether I have used your Hair Tonic, and the effects.
Several years ago my hair began to fall rapidly from the scalp, and I had the prospect of premature baldness. During several years I used various preparations recommended for the hair, from which I derived no benefit. At length a friend recommended your Hair Tonic. I used three or four bottles according to the printed directions, and at the end of six months, my hair was thick set, and since its tendency to turn grey was arrested.

I have never before given a certificate, recommending patent medicines, which indiscriminately used, as they often are, do much injury, but in a case like the present, where I know the article to be beneficial and that it can do no harm, I have no scruples in stating facts within my own knowledge.

Yours, &c.

JOHN QUIGLY, M. D.

Fresh wounds or old sores are rapidly cured by it.

DEAFNESS.

Dr. McNAIR'S ACUSTIC OIL.—Those deaf from infancy often receive, in a most miraculous manner, their hearing when they least expect it, by some trifling accident or event, which shows them how easily they might have much sooner had their hearing, and saved themselves and their friends the pain of conversing in a loud tone, without pleasure, or of being neglected and shunned, to avoid that distress which is felt mutually by the deaf person and his hearers. How sacred a duty, therefore, it is that we use all necessary means to remove such an affliction, and enjoy the social qualities implanted in our natures! This EAR OIL has the effect so to relieve the tension, and bring into use the natural action of the parts, so as to restore the hearing when lost or impaired. This is proved by so many and well-known cases, that, where known, it needs no praise. The great wish of the proprietor is, that each may speak to others of its uncommon virtues, till sufferers may know, and be relieved and restored by its use. This will be done in all cases of recent DEAFNESS and many of long standing. ALL DEAF PERSONS should use this oil! It will relieve at once, or, if DEAFNESS is just commencing, will remove the cause and check its progress. Those who have been long deaf should continue its application a few weeks to hear well. Each flask has full directions for use attached to it.

TO ALL THE WORLD WHO USE LEATHER IN ANY FORM

OIL OF TANNIN,

OR LEATHER RESTORER.

A NEW CHEMICAL DISCOVERY.

Most people know that skins and hides are converted into leather by the use of Tannia extracted from certain barks, &c.

When the force and strength of the Tannin is worn out, leather becomes dead, hard dry, brittle, cracked, covered with a crust, &c. THIS ALL KNOW. To restore, then, life, softness, moistness, strength, smoothness, and remove all crust, fly, or blister—restore the tannin. This substance the leather never can receive the second time; but the whole virtues of it are in this article, the OIL OF TANNIN—which penetrates the stiffest and hardest leather, if it has been twenty years in use; and if it tears easily with the fingers, it imparts at once a strength that is utterly incredible until seen. It becomes like new leather, in all respects, with a delightful softness and polish, and makes all leather completely and perfectly impervious to water—particularly boots, shoes, carriage-tops, harness, hose, trunks, and in fact all things made of leather, giving a splendid polish, even higher than new leather has, and at least doubling its wear and durability, in whatever manner the leather is used. THESE ARE FACTS.

Those who will wear old shoes, groan with corns, ride with old carriage-tops—have old harness, and throw them away half used—look filthy themselves and all about them—expend double what is necessary for articles of leather to their hearts' content, for what we care, if their prejudices are so strong, they will not try a new discovery. We have no favors to ask of them, they are the greatest sufferers, and we beg for nobody's custom or patronage. Now, gentlemen, please yourselves.

IMPORTANT DISCOVERY.—Richardson's Celebrated American Panacea, for the cure of the following diseases, to wit: Salt rheum, scrofula, ulcerated scrofula, bronchitis, fever sores, king's evil, erysipelas—inflammatory and chronic rheumatism, piles, biles, scurvy, chronic sore eyes, blotches or pimples on the face, scald head, and all cutaneous diseases, eruptions of the skin, or pains or ulcers arising from an injudicious use of mercury or an impure state of the blood.

This medicine is purely vegetable matter, and warranted free from any ingredient detrimental to health. Its curative properties consist in its producing a sure and effectual alternative of the whole system almost imperceptibly to the patient. It has not failed in a single case of effecting a permanent cure of the above named diseases, when the party using it would follow the directions and continue its use for a sufficient length of time. Experience has proved that in slight eruptions of the skin, or for piles or erysipelas one small bottle has effected a cure, while in obstinate cases it will take from two to four large bottles. It has been found entirely efficacious in producing regularity of the menses in females, and has been taken with great benefit in pulmonary diseases.

In addition to its great efficacy in eradicating disease, it is the cheapest of the kind ever offered to the public, as the extract is brought into so small a compass that a small bottle will last an adult from twelve to fourteen days, a large bottle about four weeks; while of the others, more than double in cost of the article, will be taken in the same time. It has been fully tested by many of the first physicians in the State of New York, and now used very extensively in their practice, and by them pronounced the most efficacious compound ever discovered from vegetable matter.

Persons while in its use, should abstain from all stimulating drinks. Strong beer, mustard and highly seasoned food.

DIRECTIONS.

For a child one year old, a small tea-spoon full.—Two years old, a large tea-spoon full.—From six to ten years old, two tea-spoons full. From ten to fifteen years, two thirds of a table-spoon full, and for an adult from one to two table-spoons as it may be found best to act upon the system; one table-spoon is quite enough in almost all cases, to be taken before eating in the morning.

SOUTH AMERICAN NATIVE SOAP, EL XABON LIQUIDO.—It gives a rich glossy appearance to the Hair! is a superior wash for the teeth! and removes from Silks, Woolens, and other cloths, Oil, Grease, Stains, and the brown rusty look, (common to silk), &c., &c.

In confirmation of the above, we are enabled to present the two following letters:

"VALPARAISO, Jan. 20, 1838.

"Sir: The 'Xabon Liquido' is applied by the natives and foreigners of South America, in cleansing woolen cloths, and the ladies use it to wash their hair. In both instances it is of very general use and greatly esteemed. It imparts an appearance of freshness and glossiness in the former case, that cloth does not possess even originally, and in the latter produces a brightness and richness that the hair no where else exhibits, and I should judge from its beautiful growth also promotes its increase. It will be a valuable article to introduce among your countrymen for the purposes above stated, and must, when fully tested, become one of universal merit. I appreciate its great usefulness from actual experience of its benefits.

"Very respectfully, your obedient servant,

T. L."

"BALTIMORE, Nov. 9, 1838.

"Sir: Agreeable to your request I would cheerfully certify that the 'South America Soap' is universally used by the natives for cleansing the hair, skin, &c. Also for washing clothes. They value it mostly on account of its giving to the hair a silky appearance. Both my family and self use it constantly as a delightful wash for the hair and skin.

"Yours truly

STEPHEN SMITH."

The following certificate from some of our most distinguished Dentists, will amply establish its superiority as a tooth wash:

"Having been made acquainted with the analysis of the South American Native Soap, El Xabon Liquido, we can with safety, recommend it as an excellent detergent wash for the teeth and mouth. It contains nothing, so far as ascertained, that can injure the teeth; but, on the contrary, by uniting with an acid that is almost constantly being generated in the mouth, may be regarded as tending to their preservation.
